

Play Your Part Challenge 2018 - Action Plan

School Name: _____

Teacher Name: _____

Congratulations! You have now successfully been trained as Right To Play Junior Leaders. The goal of the Action Plan is for you, as Junior Leaders, to create a plan for how your school will participate in the Play Your Part Challenge.

The **Play Your Part Challenge** is Right To Play's nationwide initiative in support of our programs worldwide. It is an opportunity for Junior Leaders like you to take what you've learned from your Assembly and Workshop, and create projects or fundraisers in support of Right To Play. As a part of a team of more than 11,600 Right To Play Junior Leaders around the world, it's your turn to inspire and motivate others to join the movement and help us change the world through play!

Use the tools below to create a plan for how your school will participate in the Challenge. Whether you run a Play Day, host a bake sale, organize a talent show, or do all three, you'll be playing your part in making the world a better place for children all around the world!

REFLECT, CONNECT, APPLY

1. What did you learn today from the Play Your Part Assembly and Workshop?
